

‘Heart and Soul’
Solo Exhibition:
David Storey
9th April – 17th May

OPENING NIGHT EVENT 9TH APRIL

THOMAS & PAUL
CONTEMPORARY ART

Opening on the 9th April, the much anticipated solo exhibition of David Storey's new body of work, 'Heart and Soul'.

David's work provides a window into the past. Childhood memories, cherished moments and half glimpsed faces. Each painting has been painstakingly drawn then built up with layers of oil paint using brushes, palette knives and even rags and fingers. This mix of application of paint adds to the depth and poignancy of the scene being played out.

David's work has been used for this year's album cover by Paul Heaton and Jacqueline Abbott (previously The Beautiful South). David has been a finalist of The Threadneedle Art Prize and had his work featured on the BBC.

*Please RSVP to attend the opening night event on 9th April.
